## Celebrating Life's First Steps

One of the greatest moments in life is the birth of a child. A baby breathes new life into a family and community. It is a magical time – and a blessed time.

You can honor this wonderful gift of life by adding your “little angels” footprint to our *Celebrating Life's First Steps* wall in Penn State Health

St. Joseph's Breidegam Family Birthing Center. For a gift of \$250, your baby's footprint, name and birth date will be displayed on a commemorative tile

within the Birthing Center. **You will also receive a commemorative keepsake tile of your baby's footprint for your family.** Friends and family can order additional keepsake tiles for \$35 each – a perfect gift for the grandparents!

You and your family may inquire about the *Celebrating Life's First Steps* program with your nurse while you're a patient in the Birthing Center. The footprint image for your baby's tile will be duplicated from the commemorative birth certificate you receive in the Birthing Center.

If you had a baby in the past at St. Joe's, you can also honor a previous birth on our *Celebrating Life's First Steps* wall.

## Helping Us Help Others

Your support of this program helps us purchase additional medical technology and expand state-of-the-art services at Penn State Health St. Joseph, furthering our mission of creating a healthier Berks County – for you and your neighbors, as well as for the “newest” members of our community!

These “footprint” tiles will leave a lasting impression on all who pass through our Birthing Center. These footprints represent our future – the future physicians, nurses, teachers, moms and dads of our community. And they will be an inspiration to all moms and dads who are about to bring new life into the world at St. Joe's.

To purchase your tile, please complete the attached order form and return it to:
