Our Purpose

While both events offer fun and fellowship, their primary purpose is to raise awareness and financial resources to support the healthcare mission of Penn State Health St. Joseph in our local community.

Our goal for our 2018 Signature Events is to raise more than \$180,000 in net proceeds to support the acquisition of new medical equipment and technology to benefit the health and wellness of our patients and their families. Our healthcare professionals, support staff, volunteers and donors are building on a long tradition of compassionate care and clinical excellence.
